Stephen,

I got a large number of files from Brenda and Bret Kendrick and they were in the files that I gave you. In a folder titled files for RPM. You also have files from the OSC, Mark Hayes. Both Brenda and Mark gave me PowerPoint presentations on Lane Plating that you can use to prepare a presentation for the public meeting. They were also in the folder that I gave you. You need to let Brenda know when you have a firm date for the meeting as she usually attends the first public meeting for a new site.

Subject: Power Point Presentation for the Lane Plating Superfund Site (site assessment information)

Greetings Brenda,

I am the new project manager for the Lane Plating Superfund Site. I am currently working on a PowerPoint presentation for the Site. I was informed that you had help provide Stephen Tzhone with site assessment information for his River City Metal Superfund Site Presentation. Could you please provide me with site assessment information for my PowerPoint presentation for the Lane Plating Superfund Site?

Respectfully,

Stephen Pereira
